PAINTING POSTERS — Youngsters in the Children's Theatre Workshop get training in other fields than acting. These young folks are painting the posters for the up-coming play "Alice in Wonderland", using characters from the story to illustrate the posters. Starting at the left, these young people are Diane Cannon, Mary Lou Carr, Abbot Rogers, Martha Darling, Austin Hutchings, Linda Stulgis, Keineth Dreyer and Read Majors. Mrs. Hartford Powel Jr. conducts the class every Wednesday afternoon. (Staff Photo)

Many Youngsters Active In Theatre Workshop

If there had been any questions in the minds of the original organizers, or in the community itself, as to the need or the eventual success of a children's theater group in Andover, all doubts by this time have been obliterated after observing the Childrens Theater Workshop this fall. On almost any afternoon of the week and on Saturday mornings, any interested visitor dropping in at the Shaw barn on Main st., the Workshop's new head-

quarters, would find a bee hive of enthusiastic activity. Not only is the production of "Alice in Wonderland", with a cast of 54 youngsters, in full swing under the direction of Ralph H. L. Symonds, but also two other one act plays are in rehearsal, these being directed by the young people themselves. Members of the Workshop are also participating in poster and scenery painting classes, and will assist in the makeup and costumes for the main production.

NO BRIDGE FOR VALE DURING CONSTRUCTION

Looks like there'll be no temporary bridge over the Shawheen River in Ballardvale.

BPW Secretary Albert Cole Jr. said state engineers, during a conference Tuesday, turned thumbs down on any proposal to build a temporary structure over the river while the present bridge is being reconstructed. This project may take four months, the state has estimated.

Cole said the cost of building a temporary two-way bridge is \$25,000 and the cost of a one-lane bridge, \$15,000. Even an attempt to take this amount from Chapter 718 funds — given to the town over a year ago by the state for highway purposes — was turned down by the state. Thus, Cole explained, there seems to be no alternative to having the bridge closed during the construction period. But he said there has been no decision yet on when the bids are to be sent out and no conversation took place as to when the project might be started.

Church Women To Note Day

Peak Registration For Election; Williams Only Local Candidate

Much Local Interest In Senator Kennedy's Campaign

Lions Start Eye Drive

The official kick-off of the 1958 Eye Research Fund Campaign of the Andover Lions Club came at a recent meeting, which was presided over by A.F. Kryzyski, president of the Club.

This is the sixth consecutive year that the Massachusetts Lions have chosen eye research as the chief fund raising activity. They are currently supporting eye research projects in the fields of congenital blindness, tumors of the eye, blindness due to diabetes and analysis of clinical material of the Retina Service.

The research projects are at Harvard, Tufts, Massachusetts Eye and Ear infirmary, the Joslin Clinic, the Ophthalmic Plastics Laboratory, the E.B. Dunphy Eye Research Fellowship, the Howe Laboratory of Ophthalmology and the Retina Foundation. President Kryzyski pointed out that "If the causes of blindness are to be discovered and prevented, eye research is our only hope. We earnestly urge every citizen of our community to cooperate with our campaign."

A quiet election was predicted this week, as the town's election department prepared for Tuesday's balloting.

Although 9,236 men and women are eligible to vote, Town Clerk George Winslow believes that the number would be less, percentage-wise, than in the last "off-year" election.

In 1954, the last non-presidential year, 85 percent of the voters trooped to the polls. Of 8,080 registered voters, 6,860 voted that year.

In 1956, when voters selected a president, 93 percent voted — a record for the town. That year there were 9,124 registered and 8,492 cast ballots.

But with interest at a seeming low ebb, Mr. Winslow feels that Tuesday's election will draw less than the 85 percent of the year 1954.

One Local Man

There is only one Andover candidate on the ballot — Arthur Williams, seeking re-election to the General Court in the Fifth Essex District. Frank S. Giles and William Longworth of Methuen, also seek re-election. They are opposed by three Democrats, Walter J. Sliva of Lawrence, Philip Sutcliffe of No. Andover and Thomas Watman of Methuen.

Town OK's Spending Money To Help Fix Parking Area

Off-street parking behind the stores on the west side of Main st. probably will be a reality by late November.

Bids on enclosing Rogers Brook in the immediate parking area will be sought this weekend, according to Trade Board President George Lister. He said the Board has authorized Clinton Goodwin to proceed in that direction.

New life was breathed into the parking picture Monday night, when the Selectmen and Finance Committee agreed to put up a

maximum of \$10,000 towards development of the parking site. They specified, however, that the Board of Trade should retain an engineer, have a topographical survey made, and get bids on closing in the Brook.

Lister said the Selectmen, in a brief meeting Tuesday night, approved the choice of Goodwin and gave the Board a green light on getting bids within a few days.

Academy Will Present Te Ata

Saturday evening, Nov. 1 at 8 p.m., Abbot Academy will present Te Ata, "Bearer of the Morning" - who has a place all her own in the long history of the American Indian.

She is a Chickasaw, born in Oklahoma, and her father was a

member of the last Council of the Chickasaw Nation. In the course of her schooling, first at tribal schools, and then at the Oklahoma College for Women, it became clear that she had unusual histrionic gifts. So for further training she went to the Theatre School of Carnegie Tech, in Pittsburgh. She appeared on the New York stage, where one of her roles was Andromache in the "Trojan Women". Then came the fulfillment of her real destiny, as the interpreter of the folklore of the American Indian. To this happy task, which has carried her far and wide in America and occasionally to other lands, she brings a striking personality, a fine talent, and intelligent devotion.

Her programs consist of native legends, myths, chants and old rituals from many tribes, presented in Indian costumes. Her character interpretations are remarkable whether she is impersonating a timid maiden, a young warrior, a medicine man, or an old woman, and she has a delightful and subtle sense of humor. For accompaniment she uses rattles and a large ceremonial drum. The public is cordially invited to attend.

Town Lost Case Against Andowhitt

The Andowhitt Co., successors to Acme Concrete Co., have been given court approval of their operation in the old coal yard at the foot of Fletcher st.

Judge Donald M. Macauley, following trial of the town's petition to halt "manufacturing" at the site, ruled that the firm is not "manufacturing" within the meaning of the zoning by-law.

The court ruling said that an agreement between counsel for the town and the company stipulated that, unless it was found that manufacturing was going on at the site, the by-laws would not be violated. The agreement between the lawyers also specified, the ruling recalled, that cement and sand were poured into the trucks at the site; that water was not mixed with the ingredients

at the site; and that the revolving drums on the trucks were not set in motion on the premises, but rather on the ways of the town.

The judge found that:

"Upon the facts agreed upon in this case, the delivery of the sand, gravel and cement into the transit mix trucks is not manufacturing; it is simply a change in the location and the mingling of the materials. Without the addition of water and without the mixing operations in the revolving tanks on the trucks, no new product is formed".

The ruling then stated: "It is ruled that the operation carried on by the respondent and its lessee on the respondent's premises in Andover do not constitute manufacturing within the meaning of paragraph four of section VII of the zoning by-laws of the town of Andover".

It has been many months since the excitement about contractor's yard operations at the site have died down. Residents of the section complained strenuously to the Selectmen about huge concrete mixing trucks and other large vehicles using Fletcher and Binney sts. And they urged the town to step in and halt the use of the area, complaining that manufacturing actually was taking place there.

There has been little indication of use of the premises in the past few months, however. And the area appears marked for highway use, when Route 110 is constructed.

Association Asks Parking Restrictions, Study Group

The Shawsheen Village Improvement Association has asked the Selectmen to have the Village posted at no more than two-hour parking and to set up a committee to find solutions to the traffic problem.

Robert Neil, William Busby and William Schmidlin represented the Association in an interview with the Selectmen. Police Chief David Nicoll also participated in the discussion.

The Village residents said traffic has become a tremendous problem, with speed also a dangerous factor. They also explained that all-day parking in some areas has led Raytheon Manufacturing Co. employees to move their cars at noon time into those all-day spots.

The complaints ranged from triple-lane traffic at going-home time, preventing two-way use of streets, to temporary stopping in a lane to pick up passengers. Speed was mentioned several times as a vital element, with the residents pointing out that cars exceed the limits in the rush to get away from the plant in quitting time.

Chief Nicoll explained the disposition of his men and suggested there is no way, with present manpower, to supply extra officers in the Village. And he commented that guards hired by Raytheon don't get the same cooperation from the motorists as do town officers. Thus, he felt, having some of the guards on traffic duty in the streets might not work.

The Association representatives suggested that the special committee might include a traffic engineer, along with local membership. Nicoll agreed this would be a good idea, but felt that the engineer should be retained from private sources.

He also pointed out that if the traffic lights in the Village were allowed to control traffic, there would be no speed. But a terrific bottleneck would develop. This necessitates having a man at the square, he said. He also pointed out the need of having an officer in Andover square and another at Chestnut and Main sts., to control the flow of traffic from the Village when the manufacturing plant lets out.

Mr. Schmidlin several times made the point that his Association does not want to "drive Raytheon out", although he agreed he has heard this comment on several occasions. He thanked the town officials and spoke in complimentary terms of Raytheon's cooperation in providing parking areas sufficient to hold the cars of employees.

During the discussion it was also brought out that some employees of the firm have been getting tickets regularly. But Chief Nicoll explained that as long as the tickets are returned as directed, with the fine, there is no court action to be taken. He also said the department is not towing cars, but will do so whenever the Selectmen send down a written order to do so.

The Shawsheen residents urged a "get-tough" policy with traffic violators, hoping this would serve as a guide for future action in the area. They felt that tough enforcement would make drivers cautious.

The Selectmen agreed to consider the requests and to take whatever steps they can to alleviate the problem.

Sidney P. White, chairman of the Board, said he understands that an access road to Route 110 may be provided, when that major highway is built. This would solve the entire problem, he felt, but he agreed it is some time in the future.

The **WAY** you vote may
save **YOUR** job

Every man and woman who works for a living in Massachusetts has a vital interest in the coming election.

Why this election, more than any other?

Because since January 1, 1957 a total of 21,703* jobs in Massachusetts industry have been permanently lost — because our State Legislature, over the objections of the more far-sighted members, has continued to pass laws which make it more costly and burdensome to operate a manufacturing plant in Massachusetts than in any other state.

How?

Massachusetts imposes higher taxes on corporations than any other state.

Massachusetts takes more than twice as much of its state income from taxes on business as the average taken by all other states.

Massachusetts has run up the highest state debt in the nation — a fantastic three-quarters of a billion dollars, which is larger than that of even California or New York.

The net result is that in Massachusetts these laws create a greater handicap than industries have in the other 48 states — all of which are competitors for more business and new industry.

These competitors are thus given an edge in the form of lower costs. And too often this has been enough to force our industries to pack up and move, or close down completely. Every time this happens, Massachusetts loses a little more of its economic strength.

The only effective solution — a solution which you can help bring about — is the election of state legislators who will halt this massacre of jobs in industry.

If you feel deeply about this grave situation, if you value your job security, if yours was one of the 21,703 jobs now gone, you will put an X beside the name of the candidate who:

- ☒ will view with a wary eye any proposals for new state spending programs.
- ☒ will vote against further legislation which will make it even more difficult to conduct business in Massachusetts.
- ☒ will vote for legislation which will encourage Massachusetts industry to grow, attract new industries and create new job opportunities.

If the present trend of jobs permanently lost in this state is not reversed, there will be another 21,000 jobs gone forever in the next 21 months.

The WAY you vote may save YOUR job.

SELECTMEN COMING

The Andover Selectmen will be hosts to the Essex County Selectmen's Association Nov. 15 at the Andover Inn.

CHURCH NEWS

The flowers on the Altar of the West Church last Sunday morning were the gift of Mr. and Mrs. Vahey Gulezian.

PEAK REGISTRATION FOR ELECTION

(Continued from Page One)

district, Republican Charles H. Anthony of Haverhill seeks election to a vacancy. His opponent is James P. Rurak of Haverhill.

The Fifth Congressional district race is between Congresswoman Edith Nourse Rogers, Republican, and Democrat William H. Sullivan. Both are Lowell residents.

The Fifth Council district, which includes all of Essex County and No. Reading, finds incumbent Augustus Means of Essex opposed by Lawrence Mayor John J. Buckley.

County Offices
Little attention has been directed to the county offices appearing on the ballot.

Republican Hugh A. Gregg of Methuen is opposed by John P. S. Burke of Lawrence in the district attorney's contest.

Philip A. Hennessey of Peabody, the incumbent clerk of

courts, is opposed by Harold Morley Jr. of No. Andover.

G. Hudson Driver of Lawrence, Republican register of deeds in the Essex Northern district, is opposed by Mary Donahue Sullivan of Lawrence, Democrat.

And in the county commissioners' contest, Arthur Thompson of Methuen is opposed by Edward H. Cahill of Lynn.

Special Questions

Of particular interest to Essex County is the ballot question. Number four, asking whether the trustees of the Essex Agricultural School can prepare plans and specifications for a vocational-technical school as part of the physical plant, spending \$50,000 for the plans and not more than \$1,200,000 for the construction.

Two other ballot questions are routine, asking voters' decisions on the sale of alcoholic beverages and on pari-mutual wagering.

The first question on the ballot is of particular importance, in its effort to control pension laws as they apply to public employees.

The ballot description of this act, proposed by through the initiative of State Senator Philip Graham and a committee of citizens, follows:

"The proposed measure provides that every former public employee, other than a judge, who is pensioned or retired for a disability, shall report to his retirement authority, annually, his earnings from gainful occupation during the preceding year; and that, if such earnings, plus the pension, exceed the regular compensation of the position formerly held, the pensioner shall refund that portion of his pension, equal to such

excess, or the entire pension if such excess is greater than the pension. A refund, if required, shall not include any portion of a pension represented by salary deductions from or special purchase by the former employee. The requirement of a refund is not applicable to income received in or prior to 1958."

The supporters of this measure have described it as being a means of controlling the practice of retiring on disability and then taking private employment on a full-time basis, in some cases this employment being the same general kind as that from which the disabled person retired.

State Candidates

There has been more interest here, according to many observers, in the candidacy of John F. Kennedy for the United States Senate, than in any of the others. A special committee has been working to support the senator, apart from the normal procedures of the Democratic Town Committee.

Despite this special attention, however, observers point out that the town never has gone Democratic for major office-seekers. Some do better than others, it is explained, but the basic Republican strength here has always prevented a Democrat from receiving a majority of the votes cast for the office. Senator Kennedy is opposed by Atty. Vincent Celeste.

Other major contests, state-wide are: governor, Foster Furcolo, Democrat incumbent, and Charles Gibbons, Republican; lieutenant governor, Robert F. Murphy, Democrat and Elmer C. Nelson, Republican; secretary, Edward J. Cronin, Democrat and Marion Curran Boch, Republican; treasurer, John F. Kennedy, Democrat and John E. Yerxa, Republican; auditor, Thomas J. Buckley, Democrat and Thomas H. Adams, Republican; attorney general, Edward J. McCormack, Democrat, incumbent by appointment and Christian Herter Jr., Republican.

Polls Open 7-7

Andover voters can cast their ballots from 7 a.m. to 7 p.m., in each of the town's six precincts.

The voting places are, precinct one, Central Fire Station; precinct two, Square and Compass Club on Elm-st.; precinct three, Sacred Heart School in Shawsheen; precinct four, Andover Grange in West Andover, next to the West Parish Church; precinct five, Fire Station in Ballardvale; and precinct six, Peabody House on Phillips st.

West Parish Party For All Youngsters

The West Andover Community Association will sponsor a Halloween Party for all the children of West Andover in the No. District School house Friday evening, Oct. 31, from 7-9.

This is held in cooperation with the Recreation Committee parties in the town. Refreshments will be served and prizes will be awarded for the costumes and the games which will be played.

The Committee in charge is as follows: Mrs. John Ringland, Mrs. Thomas Thumser, Mrs. John Clark, Mr. and Mrs. Gerald Childs, Mr. and Mrs. Harold Cookson and Mr. and Mrs. Frank Robinson Jr. Games are in charge of Mrs. Stanley Chlebowski.

Mr. and Mrs. Parker Holden of High Plain rd., spent the weekend with friends in Red Bank, N.J. and they also visited Mr. and Mrs. Harvey Mehhouse in Short Hill, N.J.

Mr. and Mrs. Kenneth Grant of Beech cir. left recently for a month's vacation. They are touring Ohio, Pennsylvania, Missouri and the southern states.

State To Pay For Road

The state Department of Public Works has agreed to a solution of the Shawsheen rd. problem. In a conference with the Board of Public Works Tuesday afternoon, the state decided to pay

for one-half of the cost of the private work being done by the town, as a result of the reconstruction of the street. The county, it was explained, also will pay one-quarter of this cost. Thus the town stands to spend about \$1,000, according to Board Secretary Albert Cole Jr. Although the town will pay about \$4,000 for the work, the three-quarter

reimbursement will leave a net expenditure of approximately that amount, he continued.

The sunken section of the road, built over many feet of peat, will be filled at the state's expense. But the town will do the work.

Cole said complete agreement was reached with the state engineers. The area will be filled, to see how it stands up until

spring. If it is safe to leave it that way, a proper surface will be applied then. If not, the section will be dug out to the depth of the peat and properly filled. Although the state will stand the expense, the town will do the work to its own satisfaction. Guard rails and a sidewalk also will be installed, according to the agreement, at state expense.

Cole said a written confirmation of the decisions is expected some time next week.

D.A.R. Held 1st Fall Meeting

The first meeting of Priscilla Abbot chapter, N.S.D.A.R., for the year was held Oct. 14 at the home of Mrs. M. M. Jones, on Lowell st. Mrs. Edwin Otto, the vice regent, presided in the place of the regent, Mrs. Frank Hayes, who was unable to be present.

Devotional and patriotic exercises were led by the chaplain, Mrs. Roland Glines and one verse of the National Anthem was sung by the gathering. An article on Constitution Day was read by Mrs. Roland Weeks, who also spoke of the letters she had received in answer to her invitations to the state officers for the Guest Day in December. An excerpt from the

Press Digest was also read.

The secretary's and treasurer's reports were read and accepted, and as it was the day for the payment of annual dues, they were received from those who were present. Mrs. Leo V. O'Connor, registrar, told of transfer papers being sent to members who have moved away, and papers being received for one of the new members.

Money-making projects for the year were discussed, one being a supper to be held in the West Parish Church vestry Monday, Dec. 1, at 6:30 p.m. for which tickets are now available. They are under the direction of the secretary, Mrs. Edward Thompson.

Mrs. Otto told of the state meeting held recently in Greenfield, which was attended by five members of the Chapter, Mrs. Frank Hayes as regent, Mrs. Leo O'Connor, ex-regent, Mrs. Roland Weeks as chairman of pages, and Mrs. Otto and Mrs. Thompson as pages.

Following the business meeting, Mrs. Alden James of No. Andover, a member of Betsy Ross chapter of Lawrence, spoke on the book "Bending the Twig", a revelation of the way many of the schools are being infiltrated with propaganda breaking down the history of the country and showing up how much the present generation is missing and lacking in the first essentials of knowledge which is vital to the welfare of the United States.

A social hour with refreshments was enjoyed, the hostesses being Mrs. Jones, Mrs. George Glennie, Mrs. John Gilcreast and Mrs. Roland Glines.

Eastern Star Plans Fair, Supper

Andover's Chapter of the Order of the Eastern Star will hold a fair at the West Parish Church Fellowship Hall Nov. 8, starting at 10 a.m.

A main feature of the day-long affair will be a public bean supper from 5-7 p.m. In charge of the various tables at the fair will be Madeline Prescott and Shirley Waldron, Christmas; Mary Keith, white elephant; Isabelle Valentine, bakery; Marjorie Wrigley, gifts; Florence Watt, aprons; and Anne Barrett, miscellaneous.

THE REV. WALTER C. TONG

from the Chinese mainland. Much of the relief was furnished by the Share Our Surplus program of the American churches.

Mr. Tong began his service to the Congregational churches in 1931 as a missionary of the American Board of Commissioners for Foreign Missions assigned to the Philippines. He remained there until 1948, working with 125 Filipino churches on Mindanao, largest and least developed of the Philippine Islands. His duties included evangelistic work among the pagan tribes of the island's interior, principally the Bogobos, former head-hunters.

In 1941 Walter Tong was interned by the Japanese. Mrs. Tong and their three children were interned separately on Luzon, not to be reunited with Mr. Tong until 1943.

After the war Mr. Tong volunteered to return to his mission for special relief and construction work. He found the Davao Mission in Mindanao ransacked, even the roofs gone from the buildings, and many of the personnel still missing or suffering from malnutrition. In 1948 Mr. Tong was appointed candidate secretary for the American Board, a post he held until joining the Church World Service in 1956 as representative of the Congregational Christian Churches.

Mrs. Tong has helped in the distribution of food and clothing in Formosa and has served as a teacher in the International Cooperation Agency school in Taipei, giving orientation to Chinese men and women recommended for special studies in the U.S.A. by the Formosan government or by private companies.

A graduate of Connecticut Agricultural College and Yale Divinity School, Mr. Tong is a native of New Haven, Conn.

Root Congratulates AVIS For Preserving Meadow

To the Editor of the Townsman:

"I wish to congratulate the Andover Village Improvement Society for its wisdom in purchasing beautiful Bakers Meadow in order to preserve it for the enjoyment of future generations. The wildlife and ecological features of Bakers Meadow have been described on more than one occasion. I might add that at the turn of the present century Professor Arthur Stanley Pease, an eminent botanist and resident of Andover, found Bakers Meadow growing a species of plant which he named *Andoveria* recently. Albert H. Bartlett, in the 'Andoverian' of 1904, wrote: 'The preservation of this meadow is essential to the survival of the species of plants, for wild species exist in numbers in direct proportion to the areas of breeding habitat available. Unless these habitats are preserved, species cannot survive. At the local level, private action and private funds are needed. Many communities have awakened to this need too late and have found their green spots gone forever. Those enrolled in various schools include:

Over 50% Are Attending School

Andover maintained its proud record of sending its high school graduates on to higher education this year, according to a revised statistics issued by the Guidance Office.

Over 50% of the Andover graduates, according to the Guidance Office, are attending college or university; 22% representing 18.8 percent of the total 117 students, are at junior colleges, business, or technical schools; three are at nursing schools; and three attend preparatory schools. Twelve graduates are serving with the armed forces and the remaining 35 are engaged in full-time work.

REAL STORIES

EDITORIAL THOUGHTS

Tuesday - Day Of Decision

Tuesday will be a day of decision for Andover voters, as they share the responsibility of selecting state-wide officers, legislators, congressmen and a United States senator.

We've heard it said in altogether too many places that no Republicans will have a chance Tuesday. Many times this is a partisan cry, echoed by others who have no real way of knowing whether it is true or not. And its effect is to discourage men and women from voting for Republican candidates, feeling that their vote will be wasted.

This sort of approach, producing apathy among many voters, can actually itself be responsible for the defeat of some Republicans. For it is essential for these candidates to build up huge majorities in some areas, to offset heavy votes for the opposition in other sections. Thus, Andover Republicans, and independents of similar mind, should not stay away from the polls Tuesday, thinking they support a lost cause. To do so would be, in effect, casting a vote for the opposition.

There are some able, devoted men seeking election, bearing the Republican label.

We recommend to you Andover's own representative Atty. Arthur Williams, as worthy of your support in the Fifth Essex District.

Charles Anthony of Haverhill, Republican candidate for the State Senate, is a courageous Republican with an outstanding record in the House of Representatives. He would render far superior service compared with his Democrat opponent.

Another factor in these contests for the legislature is the redistricting that hangs over our heads if the Democrats control the Legislature and the governor's office. Andover might well lose its identity in such a sweeping revision of district boundaries as has been proposed by the Democrats.

Support Recommended

Two outstanding men seek state-wide office on the Republican ticket.

They are Charles Gibbons, for governor, and Christian Herter Jr., for attorney general.

They deserve your support.

Gibbons, experienced in legislative affairs and in the administration of our state, offers real ability. His opponent, the present governor, lacks administrative ability; and has been particularly ineffective during the past two years, even within his own party. He should be beaten.

Herter, the son of the former governor, is an able lawyer who would serve the state with integrity and vigor as attorney general. We believe he is better qualified than his opponent and merits your consideration Tuesday.

In the contest for U. S. senator, of course, there is little question that John F. Kennedy will sweep into another six-year term without difficulty. His qualifications, through education and experience, are obviously excellent. And it appears that he will be given the support he deserves, both here and throughout the state.

Pay For The Job!

Another idea on teachers' pays has been suggested, and is inexorably interwoven with the merit proposal now being considered by the School Committee.

Member Frederick Allis Jr. has spoken up in favor of a dependency clause in the basic salary schedule. The way he sees it the basic scale should be \$3,800, as presently established. Increments would be put into effect, probably following the pattern set forth in the study committee's recommendations. The maximum, though, would be held to about \$5,600 instead of the \$6,000 allowed under the study group's plan. Then a maximum of \$500 would be allowed for dependents, depending on the number.

It has become apparent that a good basic schedule is a necessary ingredient of a merit plan. Teachers and many individuals believe that merit pay should not be instituted before a reasonable scale is set up for all teachers. Thus Mr. Allis' idea becomes a part of the general debate and must take its place in the over-all merit plan discussion.

In general, the dependency allowance is a means towards the end result of recruiting men into the system. Many communities use it and are satisfied that it does bring men teachers into the teaching ranks. But is the means justified by the result?

We believe it is not.

We can't see anything fair about paying one teacher more, for the same job, based on personal considerations outside the control of the School Committee or any other

public body. It seems that a problem of teacher morale would be created, with dependent-less teachers coming to wonder whether it would be more rewarding financially, perhaps, to think about dependents rather than academic improvement.

It just doesn't seem logical, despite the recruiting advantage, to pay unequally for the same basic task.

Wolfson Urges Using Emotionless Judgment

To the Editor of the Townsman: "I am sure that all of us, those who enter into discussions at Town Meeting, those who report them, and those who vote on the various articles, have but one goal, namely, to achieve what is best for Andover. That we will not all see every item in the same light is not only axiomatic but also fortunate, for only through discussion and microscopic examination can we reach correct decisions.

"This is true only if the discussion is maintained at a level of logic and reason and is not permitted to develop into an emotional appeal. When emotion enters through the door, reason flies out the window.

"Let me illustrate what I mean: Nature has endowed parents with the physical ability for having large families. Yet few have them. Conclusion? Parents do not love children. Ridiculous? Certainly!

"However, is it any more far-fetched than Melvin L. Beck's conclusions in his letter published in the Townsman of Oct. 16, 1958 that the Taxpayers' Association view means that 'young married couples should discontinue having children because they subsequently create school age children regardless of ultimate retardation of our community' and 'no more kids, they cost too much to educate'? Both my conclusion in the preceding paragraph and Mr. Beck's conclusions are of an emotional extreme and dangerous because they are of a type which could well lead to decisions adverse to the welfare of Andover. There may well be reasons why we should have Garden Apartments but these should be factual and not emotional.

"Of course, we know that families are not limited from lack of love of children. Yet they are limited! Why? I asked a number of young couples and in every case the answer was virtually identical, i.e. 'We can't afford a large family'. It's as simple as all that, and as taxes keep on skyrocketing they can afford it even less.

"Do you want to take the position that, while parents may limit their families to their economic means, the town must not consider its ability to pay lest it be accused of disliking children? On the contrary, it is because they love their children and want to be able to give those they do have every opportunity to develop wholesomely that parents keep their families within their financial ability to raise them. By the same token so should every town. Those which do not soon find that they can not afford enough schools or enough teachers. Do double sessions and short sessions do justice to the education of the child?

"Nobody wants to stop all growth. Growth is a law of nature and we couldn't stop it if we wished. However, that growth must be at a normal pace. Otherwise it resembles the extreme growth which in a man points to a diseased thyroid. We must keep Andover's thyroid healthy.

"In an article entitled 'Zoning Comes to Town' in the February, 1957 issue of the Reader's Digest we find the following 'Our forefathers were interested in orderly development rather than conservation; they had plenty of land. Today, however, with population exploding in all directions, we need both: plans for conserving our land resources, and plans for their orderly development. . . .

"Still some citizens complained that the Commission was high handed about its acreage restrictions (two acres per lot) . . . Little people won't be able to live here any longer. There'll be nobody left but the rich. . . .

"These restrictions stopped the

out-of-town subdividers who were threatening to cut up large sections of the town into small-lot developments. We were worried about that. For the owner of a new ranch-style house on a quarter-acre would pay taxes of about \$200 a year at current rates. But two school-age children in that house would cost the town \$600 a year for education and transportation. A whole row of such houses (or a garden apartment which is the equivalent) would upset the town budget badly.

"After six years of practical experience it is now apparent that none of the fears and alarms of the original opposition to zoning have come to pass. And we have scored some real gains. . .

"There it is. Andover does not stand alone in its problems of expansion. It is true, as the recent Townsman editorial said, that 'this is a nice town and many people know it.' It will remain a nice town so long as its growth is normal. Increase that growth beyond normal and it will deteriorate just as other towns have in the past and as others, under the same circumstances, will in the future.

"Contrary to the statement in the Townsman, the Taxpayers' Association was not 'squarely on the line against the apartment district'. My first statement was that we knew there were undoubtedly reasons why the folks might want such a district but we wanted to be sure that they had all the facts before they voted. We gave them those facts and, after weighing them, the voters gave their decision.

"The facts are still as they were presented on the floor of Town Meeting. Towns in New Jersey, New York, Connecticut and, yes, Massachusetts went through years of 'agonizing reappraisal' trying to find a way out of the tax problems created by garden apartment construction. Some refuse to permit any further construction of this type but most have found their way out. We dislike seeing Andover going through the same growing pains when the experience of others is available to us.

"These towns have solved their problem by permitting such construction only through a highly restrictive and rigid building code. Andover does not have that at this time. Perhaps the new building code committee will eventually provide such an ordinance. In the meantime, the Chairman of the Planning Board has been approached with an offer to produce copies of such ordinances from other towns which perhaps can be incorporated in a zoning by-law until the new building code is developed. In this way orderly and normal expansion can be maintained in Andover."

Henry M. Wolfson

Young People Held Annual Meeting

A large delegation of young people, representative of the Andover Association of Congregational Christian Senior High Pilgrim Fellowships, held their Annual meeting in the West Church last Sunday evening from 3 to 8 o'clock.

A business meeting in the afternoon was followed by a social hour and an entertainment program by Mr. and Mrs. Quaimboa and family of the Philippine Islands. A box lunch was served at supper time and this was followed by a service of Worship in the Church with an address by the Rev. Eric M. Rickard of Marblehead.

Andrew McTernan was elected representative, obtaining 60 votes more than his Democrat opponent, Joseph Burns.

Sparks from a railroad engine were blamed for a fire in the summer home of B. Frank Smith on the shores of Foster's Pond recently.

A new mark was established election day, when over 80 percent of the registered voters went to the polls. Out of 1,397 eligible men and women, 1,205 voted.

The town started pumping water into the Prospect Hill reservoir Sunday afternoon. And on Monday, the new high pressure service started.

25 Years Ago - October, 1933

The School Committee has decided to go ahead with plans for a new school. Members called in architect Perley F. Gilbert Monday night and asked him to supply specific figures by Nov. 15, when it is planned to meet again. The plan calls for asking the Selectmen to hold a special town meeting as soon as possible. The school may be obtained under the federal grant plans.

Mr. and Mrs. John Bolten of So. Main st. are aboard the Graf Zeppelin on its return voyage to Germany. They boarded the craft in Akron, Ohio, and will touch down in Seville, Spain, before proceeding to Germany.

The annual Red Cross roll call will get underway tomorrow, seeking funds for the local Chapter and for national Red Cross programs.

The Vienna Choir Boys will sing in the Meeting-Room at Phillips Academy tomorrow night.

Post 8, American Legion, is planning the annual Armistice Day dance, to be held the evening of Nov. 10 in the town hall. Appropriate ceremonies will be observed during an 11 p.m. intermission. The public may attend free of charge.

The Mothers' Club is planning several public whist parties, to help defray expenses incurred during the Holiday season. The Club will give baskets of food at Thanksgiving time to many needy families.

10 Years Ago - October, 1948

Officials have predicted a record-breaking vote Tuesday for the presidential election. Requests have been received for 125 absentee ballots. There are 7,272 registered men and women, a new high over 7,042 registered voters.

The two local candidates for office are Philip K. Allen, seeking re-election as state senator and J. Everett Collins, asking re-election to the House.

The driver of a Lawrence Express truck was arraigned in Lowell Tuesday, on charges that he took a letter from an approved mail receptacle in a Phillips Academy dormitory. He was held in \$1,000 bail for the federal grand jury. Authorities said he was observed to take the letter. Other complaints of thefts from the deposit box had been received and a watch had been kept.

All Chestnut st. meters are set for five cents two-hour parking now. Pennies won't work in them at all.

Many groups have been recorded in opposition to the Merrimack Valley Sewerage plan - with the Board of Public Works and Finance Committee officially voting to disapprove it. The Selectmen and Planning Board had voted to oppose the plan. The Taxpayers' Association has also voted to oppose it.

Punchard beat Stoneham, 19-12, Saturday, to maintain its winning streak. The Blue Devils have now won five straight.

German Organist At Music Hall

Karl Richter, widely known German organist and harpsichordist, will be presented at the Methuen Memorial Music Hall Wednesday evening, Nov. 5, according to an announcement made by Ivar Sjostrom, program chairman.

Mr. Richter was born in 1926 in Plauen, Sachsen, Germany, the son and grandson of Lutheran ministers, both of the famous Dom Cathedral in Freiburg. As a child, he was a singer and soprano in the "Kreuzchor" of Dresden, a choir which toured the United States in the 1930's. He studied organ for four years in Leipzig with the greatest Thomas Cantor after Bach. (Thomas Church is the famous Church of J. S. Bach), Professor Dr. Karl Straube. He also studied for over a year with Gunther Ramin, a well known cantor who died recently. Both Straube and Ramin were Thomas organists before becoming "Thomas Cantors". Richter was the Thomas organist before going to Munich.

In 1951, following the example of the Thomas church, Karl Richter established the music of Bach in Munich.

Richter is organist of the St. Marcus Church in Munich. The church services on Fridays, Saturdays and twice on Sunday mornings have a Lutheran liturgy.

The Bach choir of Munich which is made up of very talented young singers between the ages of 16 and 26, was founded by Mr. Richter. They perform twice each month singing all the great Bach choral works in a cycle every year.

As organist or harpsichordist, Richter has played in Leipzig, Berlin, Munich, Frankfurt, Vienna, Paris, Zurich, Geneva, and other great capitals of Europe. Every year, he has been the conductor performer of the Bach Festival in Ansbach as well as conducting

and performing the Six Brandenburg concerts in Hamburg.

Richter owns a Neupert harpsichord — which is made according to the plans of the instruments which have been retained from J. S. Bach's time.

The organist is married to an artist-designer from Zurich, Switzerland and they have a three-year old son.

Sustaining members of the hall will be admitted by their membership cards and tickets will also be available at the door.

Movies and Story Hour

All boys and girls of Andover and Ballardvale have an opportunity about once a month to see some good movies and hear a story or two at the Movie and Story Hour programs. On Monday, Nov. 3, at 4 o'clock, and Tuesday, Nov. 4, at 3:35 o'clock in Andover, the program will include two movies "Sandy Steps Out" and "Town Musicians". Anyone who loves dogs will enjoy Sandy, the puppy who makes friends with chickens, ducks and other animals and birds. Long ago the Grimm brothers collected fairy tales, one of which was "The Bremen Town Musicians". This movie, although short, tells how a donkey, a dog, a cat and a rooster outwitted a band of robbers. Miss Lane, Children's librarian, will tell stories during the afternoon.

Library Plans For Open House

Once again the friends of the library are asked to keep open a Sunday afternoon for the annual open house of the Memorial Hall Library. Each year this informal afternoon has grown in popularity, with guest speakers who add much to the success of the function. November 16 has been set as the date for this year, and the following week will be Andover's observation of the annual book week. The public is urged to save this afternoon and some time during the following week to see just how much the library has come to mean to the people.

Art Work of Students Displayed

Unusual art work done by mem-

bers of the junior and senior high school students is to be displayed at the Memorial Hall Library during the first week of November in the main reading room. Mrs. Frances Dalton has selected examples of individual talent as will show work of students of local schools. Parents, friends and lovers in general are urged to visit the library while the paintings are on display. The library will show its loveliest books from the art collection at the same time. American Art Week, always popular in Andover, is November 1 through 7.

Mountain Club Enjoyed Trip

Members and guests of the

Pequawket Mountain club enjoyed the annual fall trip to the White Mountains on the weekend of Oct. 18 and 19. Although the foliage peak was past, the weather was

perfect for the group of 28 members who made the trip. Distant mountains of Vermont and Maine were clearly visible from the top of Mt. Moosilauke.

The group drove up on Saturday and explored the region. Some walked part of the new Kancamagus highway which will be open to the public in 1959. This will be a new wilderness road from North Woodstock to Conway.

Most of the group climbed Cannon mountain to the "Old Man", Saturday afternoon.

Saturday night, following cooking, eating and cleaning up, recreational programs were held.

Sunday the steep and beautiful Beaver Brook trail was taken from Lost Piver to the 4800-foot summit of Mt. Moosilauke. The trail is close beside an almost continuous cascade for the first mile and steep enough so that ladders have been built in places.

Among the record number of climbers for the club over a period of approximately 30 years were: John Hall Jr., Harold Parshley, L. Fraser Colpitts, Robert Colpitts, Winthrop Newcomb, Brook Newcomb, Zygmund Kupis, Donald Kupis, Philip Wornwood, Robert Northup, Phillip Denner, George Luedke, Peter Luedke, Richard Chadwick, Albert J. Retelle, Albert R. Retelle, Guy Knight, Maurice Lynch, James Hart, James Hart Jr., Henry Wrigley, R. Wrigley, Dino Valz, Donald Valz, Lino Mortimer, Ernest Jenkinson, Robert B. Harvard Dean Is New Trustee

JOHN U. MONRO

John Mason Kemper, headmaster of Phillips Academy, announced today that the Board of Trustees, at its quarterly meeting held in Andover last week, elected John U. Monro '30, Dean of Harvard College, as a Charter Trustee.

Mr. Monro, a native of Andover, was graduated from Phillips Academy in 1930 and received his B. A. from Harvard College in 1934. He began his career as news correspondent for the Boston Transcript. He was appointed to Harvard College in 1946 and in 1950 became director of financial aid. In this capacity he has played a major role in Harvard and nationally in the development of student aid programs combining loans with scholarships and part time work.

He was founder and first chairman of the College Scholarship Service in which some 170 colleges participate. He has been a scholarship consultant to General Motors and the National Merit Scholarship Programs. He is a member of the Executive Committee for the Massachusetts Higher Education Assistance Committee and a director of the National Scholarship Service Fund for Negro Students. For the past four years he has also been secretary of the Overseers Committee headed by David Rockefeller, which studied the needs of Harvard College.

At Harvard, in addition to advising students on their financial problems, Mr. Monro has been teaching writing to freshmen, as lecturer in general education.

Last month Dr. Nathan Pusey, president of Harvard, appointed Mr. Monro Dean of Harvard College to become effective Dec. 1. Mr. Monro now makes his home in Winchester.

The group voted to attend the Essex County Agricultural School Christmas show Nov. 19. Members wishing transportation may contact Mrs. Evelyn Retelle, Club chairman. Mrs. Joan Wilde is in charge of collecting Christmas ideas from the group to enter in the show.

TOWN AGREES TO
HELP PARKING

(Continued from Page One)

Goodwin told the Board of Trade Parking Committee Tuesday that he believed the small construction project could be completed in plenty of time for the holiday shopping season.

After the Brook is fixed, the Board of Trade has agreed with the town to pay the balance of the cost of filling and hot topping the area, making it ready for use. Chairman W.R. Hill told Monday night's meeting that the total cost will run about \$21,000, including the Brook repair. Merchants stand ready to finance anything beyond the \$10,000 pledged by the town, Hill told the meeting.

There will be approximately 50 parking spaces in the area, plus the space already in use behind the Merrimack Valley National Bank. The fence now separating it from the other property will be removed, turning the area into one giant parking lot. Foot access to the lot will be constructed from Main st., without too steep a grade.

Mr. Hill explained that Samuel Glazerman, himself and Mrs. Florence Burns have agreed to lease the land for parking, at no cost to the town or the Board of Trade.

Although specific details have not yet been worked out, Mr. Hill said it is possible that the Board may set up a non-profit corporation, to which the owners would lease the land. The corporation could then lease the land to the town, during the time that construction was taking place; with the possibility that the town might turn the area back to the corporation, which would be responsible for maintenance. The town will be asked to help out in snow removal, however. Town Counsel Vincent A. Stulgis will be consulted about terms of a lease and how best to handle the legalities, according to the sense of the meeting.

men, listening to the merchants' explanation, expressed their sympathy with the objectives of off-street parking. They were quick to agree to share the cost, up to the \$10,000 level, taking the money from an off-street parking fund of \$25,000 approved in 1957 by town meeting. Members of the two Boards agreed that the town must give its approval to the Brook plan, so that it will conform to any future massive reconstruction project along the length of the waterway.

Finance Committee Chairman Robert A. Watters and the following members attended: Winthrop Newcomb, Leslie N. Hutchinson and Philip S. Clements.

Attending from the Board of Trade were President George Lister, Parking Chairman W.R. Hill, David G. Roberts, David MacDonald Jr., Edward D. Johnston, R. Milton Cole, Wallace M. Christian Educator Will Speak To District Congregational Women

The fall meeting of the Andover District, Massachusetts Fellowship of Congregational Women, will be held Thursday, Nov. 6, in the First Congregational Church in Lowell.

Speaking to the session will be Mrs. Ruby Phillips Birge, a Congregational Christian educator who has served in both India and Turkey, under the American Board of Commissioners for Foreign Missions. The theme of the annual meeting is "What Doth The Lord Require?"

Mrs. Birge, a native of Winthrop, and a graduate of Wellesley College, has been teaching English and Home Economics at the American Academy for Girls at Uskudar, Turkey.

The morning session will open at 10:15 a.m. with the president, Mrs. Harold M. Harshaw of Andover, presiding. Business and committee reports will be presented at the morning meeting and an address on "Friendly Service" will be given by Mrs. Lawrence Schoppee, state friendly service chairman.

Luncheon will be served during the noon hour and reservations should be made before Nov. 3 with Mrs. George Bohne of Lawrence or Mrs. William Burnham of Andover.

A musical program and devotions by Andrew K. Richards, minister of the First Church, Lowell, will open the afternoon program.

Following the roll call Mrs. Birge will give her address.

Officers for the coming year are: Mrs. Harshaw, president; Mrs. G. Wesley Phippen of Dracut, first vice president; Mrs. Walter Jeyes of Lowell, second vice president; Mrs. Karl Bernhardt of Lawrence, clerk; Mrs. Clarence Hope of Chelmsford, treasurer; Mrs. David Burnham, of North Andover, corresponding secretary, and Mrs. William Burnham of Andover, Mrs. William McIntyre of Ballardvale, directors from this area.

Standing committee chairmen

include: Christian family life, Mrs. Edwin Leidlich, Andover; Second Mile, Mrs. William Trow, Andover, and social action, Mrs. George Bohne, Lawrence.

Another School Bus Is Possibility

The possibility that a new bus may be added to the number already hired for school transportation was discussed by the School Committee last week.

But Supt. Edward I. Erickson said every effort is being made to use the present buses and avoid contracting for a new one. Some pupils are being transferred from one bus to another and other routes are being adjusted to even out the load. Supt. Erickson said a rigid enforcement of the rules regarding those eligible to ride also should help keep the bus loads down.

Erickson said he had conferred with Officer William Tammany, school safety officer, and had been able to straighten out some of the existing problems.

He also reported that the possible closing of the Ballardvale Bridge could lead to extra buses, as routes would be shifted to account for the disruption of traffic through the Vale. The Committee agreed that Erickson should take whatever steps are necessary, if the Bridge is closed.

Also a subject of discussion was Chairman Roy A. Russell's comment that the specifications on which bids are received for school buses should be revised. The Committee directed Russell to prepare whatever revisions he thought necessary so they can be discussed at a later date.

Israel Clerk Cites Ancient Meanings

Interesting background information on the original meaning of the name "town clerk" was included in a recent newsletter from the

National Institute of Municipal Clerks.

Town Clerk Yehudah Nedivi of Tel Aviv, Israel, gave the following information:

"The modern Hebrew translation of Town Clerk is 'Mazkir Ha'ir' which if literally translated means the city or town 'Reminder,' but denotes Town Secretary. The English Bible (II Samuel, I and II Kings, Isaiah, and I and II Chronicles) calls him the Recorder. The Funk and Wagnalls Bible dictionary says of the Recorder that he kept a record of the important events of the time and that as the Hebrew word 'Mazkir' implies was 'one who causes to remember' or 'calls to mind' and that 'if not the first, he was amongst the highest Court officials.' The dictionary further says that 'he was perhaps the Chancellor who called the King's attention to important matters of State.' In the German Luther translation of the Bible, the 'Mazkir' is referred to as the Kanzler, the Chancellor. The French translation of the Bible refers to him as l'Archiviste, the Keeper of the Archives.

"From these various translations we can see the varied duties of the Town Clerk as they have come down to us from biblical times. The same dictionary also says that the Town Clerk of the New Testament was 'an official of varied powers and functions in different parts of the Greek world and recognized by the Romans in their colonial government'."
